Dear Harold,

As a follow up to our conversation this morning, we are requesting a written copy of the current list of your members, how many shares each individual owns and where the shares are to be delivered. This request is in reference to Idaho Department of Water Resources letter from Allen Merritt to the Watermaster in regards to the Baseline By-Pass, dated August 6, 2002. CC: to William Sherbine, Harold Drussel, Tim Luke and Norm Young and Doug Jones.

This letter states, " It is a reasonable expectation that it is the responsibility of the UBWRWUA to annually report to the watermaster where it's rights are to be delivered identifying the number of inches at the headgates of its shareholders. If they fail to do so, then the watermaster should refuse delivery. Once identified, the shareholders should then call for water when it is available. If not called for the watermaster should not deliver the water."

As of this date the Watermaster's office does not have a current list of the owners and the shares to be delivered.

We will wait to hear from you.

Sincerely,

Norma Peterson
Secretary/Treasurer
